

Ideation Phase

Brainstorm & Idea Prioritization Template

Date	02/07/2026
Team ID	
Project Name	Book Store
Maximum Marks	4 Marks

Brainstorm & Idea Prioritization Template:

Brainstorming provides a free and open environment that encourages everyone within a team to participate in the creative thinking process that leads to problem solving. Prioritizing volume over value, out-of-the-box ideas are welcome and built upon, and all participants are encouraged to collaborate, helping each other develop a rich amount of creative solutions.

Use this template in your own brainstorming sessions so your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.

Step-1: Team Gathering, Collaboration and Select the Problem Statement

Before you collaborate

 10 minutes to prepare

A little bit of preparation goes a long way with this session. Here's what you need to do to get going:

- **Team gathering:** Define who should participate in the session and send an invite. Share relevant information or pre-work ahead.
- **Set the goal:** Think about the problem you'll be focusing on solving in the brainstorming session.
- **Learn how to use the facilitation tools:** Use the Facilitation Superpowers to run a happy and productive session.

Define your problem statement

 5 minutes

What problem are you trying to solve? Frame your problem as a How Might We statement. This will be the focus of your brainstorm.

PROBLEM FRAMEWORK

How might we build a modern digital or physical Book Store experience that maximizes community engagement and sales?

Step-2: Brainstorm, Idea Listing and Grouping

Brainstorm

 10 minutes

Write down any ideas that come to mind that address your problem statement.

Amar ----- <i>[Book Store concepts]</i>	Yuktesh ----- <i>[Book Store concepts]</i>	Person 3 ----- <i>[Book Store concepts]</i>	Person 4 ----- <i>[Book Store concepts]</i>
Person 5 ----- <i>[Book Store concepts]</i>	Person 6 ----- <i>[Book Store concepts]</i>	Person 7 ----- <i>[Book Store concepts]</i>	Person 8 ----- <i>[Book Store concepts]</i>

Group ideas

 20 minutes

Take turns sharing your ideas while clustering similar or related notes as you go. In the last 10 minutes, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and break it up into smaller sub-groups.

Step-3: Idea Prioritization

Prioritize

 20 minutes

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.

▲ IMPORTANCE vs. FEASIBILITY MATRIX ►

[Plotting area for value and effort alignment]

Importance:

If each of these tasks could get done without any difficulty or cost, which would have the most positive impact?

Feasibility:

Regardless of their importance, which tasks are more feasible than others? (Cost, time, effort, complexity, etc.)
